

# TECHNICAL DATA SHEET

## PRODUCT DETAILS

Product Code	EF2620
Species	Laminate
Colour	Natural
Finish	Laminate
Thickness	8mm
Length	1331mm
Width (mm)	194mm
Pack size	2.32SQM
Patterns	Plank
Grade	Mix
Material	Laminate
Edges	Micro-beveled

## INSTALLATION NOTES

Installation must be executed by professional installer. The client must provide suitable condition of the floor this product will be installed on.

This is a digital picture for your reference. Please note that the color will display differently on each device. We recommend comparing physical samples

## MAINTENANCE:

After dusting, it is sufficient to use a slightly moistened cloth and mild detergent, having care to dry well the surface as water can damage the floor especially if not sealed. Do not use solvents, acids and ammonia.

All data is subject to our final written confirmation and specific details on the relevant order.
